SPECIAL PRAYER

Services Requested of Ministers to Aid in the Battle Against Consumption

Special prayer will be offered in Churches in various parts of the state Thursday night for victory over consumption, the chief of the "Great Captains of Death."

The proposal to that effect made Sunday night in the Southern Presbyterian Church of Frankfort has received hearty endorsements. Pastors in Frankfort and Lexington will bring up Tuberculosis as a subject demanding the highest wisdom that it may be successfully combated. Pastors and people will reckon the needless waste of 6,438 deaths in one year, placing Kentucky third from the top of high mortality from this cause of death.

The Ministerial Association of Louisville passed a special resolution urging the Churches of that city and state to offer prayer that wisdom and knowledge be given to those public spirited men and women throughout the state who have determined to change Kentucky's dark record.

It is hoped that Maysville Pastors will also raise their voices and aid the good work.

Bottled in bond whiskey 10c a bottle at Poyntz Bros.

Dr. Henry M. Scudder and wife Friday last celebrated the forty-ninth anniversary of their marriage at their home at Carlisle. The event of nearly a half century ago took place nearly two years after Dr. Scudder began his Ministry with the Presbyterian Church at Elizaville. The bride, who was then Miss Martha J. Darnall, was largely connected in Fleming county, and at the wedding there were present sixty one of her first cousins—all living in Fleming county.

The tax levy at Flemingsburg has been fixed at 70 cents on the \$100.

Mr. J. E. Corwin, who has been very ill at his home at Ashland, is much improved.

Mrs. Mary J. Batterson died Monday near Shawhan, Bourbon county, at the age of 85.

W. N. Ginn has been appointed County Judge of Boyd county, to succeed R. D. Davis, resigned.

Fant Johnson of Fleming county has been appointed to a position in the Auditor's office at Frankfort.

Mrs. Charles H. Cooper, who has been ill for several weeks at her home in West Second street, is slowly improving.

Sergeant W. C. Blankenhacker, a member of the Louisville Police force and a brother-in-law of Dr. C. R. Garr of Flemingsburg, died a few days ago.

Little Anna Fred Harbeson of Wedonsla, who has been critically ill with typhoid fever at the home of her grandparents, W. P. Harbeson and wife in Flemingsburg, is improving.

The Gazette says one of the principal cases up for consideration at the recent term of the Fleming Circuit Court was the settlement of the R. T. Marshall estate. The sale of the land was referred to the Master Commissioner, and later appealed to the Court of Appeals and litigation is likely to follow.

Colonel E. W. Lillard, the Boyle county Representative, has received a memorial signed by twelve Democrats of the West End of Boyle county, commending his course in refusing to vote for Beckham and condemning the County Committee for assuming to speak for the Democracy of Boyle county in the Senatorial fight.

ROBERT PICKLIN

Although in delicate health for the past year, the announcement of the death of Mr. Robert Picklin, who passed away yesterday afternoon at 3:20 o'clock at his home in East Third street, was a severe shock to his many friends in this city, few of whom were aware of his critical condition. He was on the street Monday morning, and though feeling badly greeted his friends in his usual cheery manner. Tuesday pneumonia developed, and though loving hands ministered to his needs, and all that medical skill could devise was employed to defeat the dread disease, the grim reaper proved conqueror in the end.

He was the third son of Robert and Alice Picklin, the latter a daughter of the late George Cox, and was born in this city March 13th, 1850.

Thirty-one years ago he married Miss Imogene McLaughlin, daughter of C. A. McLaughlin of Covington, Ky.

In early manhood he was associated with his father in the drygoods business, then with Captain J. C. Power as Clerk on the steamer Mary Ament in the Chilo and Cincinnati trade. He then bought the wharfboat from E. W.

Mitchell and together with his brother Horatio, conducted the business for ten years, both of whom retiring from the river to take charge of the L. and N. office as Local Agents here. After giving up the agency of the L. and N. he accepted the position of head bookkeeper with the Limestone Milling Company, remaining with the firm nine years.

For many years he was a member of the City Council representing the Fourth Ward, and it can be said of him that Maysville never had a more faithful and competent servant than he. He was a member of DeKalb Lodge No. 12, I. O. O. F., and of Limestone Lodge No. 36, K. of P.

Besides his widow he leaves two daughters, Mrs. S. R. Harover of this city, and Mrs. Raymond D. Ross of Covington, also one brother, and three sisters, Mr. Horatio Picklin, Mrs. Anna D. Lee and Miss Alice Picklin of this city, and Mrs. Lucy Shackelford of Chicago; he was a cousin of Lieutenant Governor Cox of Kentucky and Mr. George L. Cox of Atlantic City.

Funeral from his late residence in East Third street tomorrow afternoon at 2 o'clock, with services by Rev. B. F. Chatham of the M. E. Church South.

Interment in Maysville Cemetery.

Rev. A. D. Raleigh, D. D., a former Pastor of the Methodist Church of Ripley, passed away recently at St. Peter's Hospital Helena, Mont.

NEWS OF LINENS.

It's a misfortune that dimensions and prices are so uninteresting until you SEE what they represent. Otherwise the subjoined details would crowd our store for they include the trinity women adore in merchandise—quality, beauty, low price.

50c Yard Bleached and unbleached Irish linen 68 in. wide. Large range of patterns.

75c Yard Good enough for any occasion, sturdy enough for everyday wear.

89c Yard Closely woven and heavy. An excellent Irish weave. Full 72 in. wide.

\$1 Yard Satin finish, grass bleached. No chemical bleaching ever weakened this sturdy linen.

\$1.25 Yard The pattern stands out boldly in high luster on a dull finished background. Very effective.

\$1.50 Yard Exquisite patterns in satisfying variety. 72 in. wide.

\$1.75 Yard Smooth as satin. Launderers with a gloss that throws out the pattern in strong relief.

\$2 Yard For "dress up" occasions. Handsome enough to give a banquet air to a dinner of herbs.

\$2.50 Yard Superb damasks that measure full 2 1-2 yards wide, in exquisite floral and geometrical patterns.

From here the price ascension gradually reaches \$3, which is our quality limit.

The empty freight car has the empty dinner pail skinned a block.

A GREAT number of Kentuckians seem to be suffering from tobacco phobia, whatever that may be.

THEY have found a 20,000-year-old mastodon in Montana. Finders should be careful or the Democrats may seize it as Vice-Presidential timber.—New York Herald.

It may sound fine to condemn the use of money in politics, but the Democratic National Convention at Denver was knocked down to the highest bidder for \$100,000.

THE legislative grind at Frankfort seems to be completely blocked by politics, tobacco and whisky. These three things have been the very bane of Kentucky's existence.

DEMOCRATIC county and city officials appeal to Governor Willson for troops for protection against the night riders and then "the organs" and machine politicians abuse the Governor for using the militia. Funny people, these Democrats.—Sun-Sentinel.

DURING the last two calendar years we have imported gold to the amount of \$300,000,000. During the same time we have exported gold to the amount of about \$100,000,000, leaving the net imports at about \$200,000,000. Here at least is a very substantial part of our balance of trade accounted for, without any guess-work whatever.

EVERYTHING is favorable for the beautiful Ohio river to make her regular February exhibition of herself and slop over a few times. It requires more than a "nine-foot stage" for the Ohio to perform her biggest stunt upon. The Ohio river, though, has behaved very well during the past year, and if it does as well this year everybody will be happy.

The present session of the Kentucky Legislature will expire by limitation on March 17th, St. Patrick's Day.

The G. A. R. at Ripley is to have a pig roast following their regular meeting next Wednesday night.

J. Barbour Russell left this morning to attend the National Canners' Association at Cincinnati. They have to show "Barbour" how a better tomato can be packed than "Ky."

It is reported in Bradstreet's that the number of strikers involved in labor disputes was but 175,000 in 1907, as against 650,000 in 1903—the record year.

THE speech of Senator JEFF DAVIS in Congress is called his "maiden" effort. It sounds more like the seasoned scream of a matronly fishwife.—Providence Journal.

THE Democratic leaders in Maryland who are plotting to disfranchise Negro voters are much surprised at the large number who can vote under the property holding qualification. The estimated wealth of the colored people of the State is \$4,000,000.

COMMANDER PEARY of Arctic exploration fame announces that he will start North on another summer journey July 1st. PEARY seems to be enjoying life, as he spends his summers in the Arctic regions and his winters in the South. In the meantime, there are enough suckers always ready and willing to put up the coin for him to have a good time.

RAILROAD construction in the United States in 1907 was nearly as heavy as in 1906. The total number of miles of new track laid was 5,730, of which 422 miles were in Louisiana, 341 in Florida, 385 in South Dakota, 814 in Texas and 311 in Washington. The greater part was laid before the "panic" occurred. The railroads consumed 8,000,000 tons of steel in 1907, including 2,000,000 tons for steel cars. But there has been a heavy falling off for locomotives and cars, at least 75% as compared with 1906.

A LEAP YEAR FLUKE.

Louisville Herald.

The leap year girl took his little hand in hers. Such a white, dainty little fin it was (his'n.)

The man's eyes were downcast. A fluttering at his heart told him something was about to happen.

"Will you marry me?" The leap year girl's accents were inexpressibly tender. Breathlessly she waited for the fateful answer.

"N-n-no!"

The word was a whisper. It was scarcely audible.

The girl recoiled, stunned.

"Why?" she gasped, a look of pain passing over her features, mutilating them slightly.

A blush suffused the man's face. But there was nothing to it—he had to tell her.

"Why wife won't let me."

WEAK FROM SUFFERING UNABLE TO PERFORM WORK

Discouraged After Spending Money Without Benefit—Found Help at Last.

Mr. Earl McCoy, living at 1506 So. Branson Street, Marion, Ind., has passed through an experience that is being duplicated every day in every town and city of any consequence in the United States. It furnishes abundant proof of the correctness of L. T. Cooper's theory in regard to the degeneracy of the human stomach, and shows conclusively the merit possessed by his New Discovery medicine to restore the weakened system to full strength and vigor.
Mr. McCoy says: "For a long time I have been a sufferer from stomach trouble. I was unable to retain any food, and became so weak and run down that I was compelled to stop work. My system was nearly a wreck, and I had tried so many remedies and spent so much money without deriving any benefit, that I became discouraged and gave up hope of ever being well again.
"I heard a great deal of Mr. Cooper's theory and medicine, and after much hesitation decided to try it. The result was a pleasant surprise. Before I had taken half of the first bottle I was able to retain all food eaten, and my strength began to return. I have taken six or seven bottles, and am feeling fine. I eat and sleep well, do not cough at night, and am able to perform a hard day's work. I can cheerfully recommend Cooper's New Discovery, for it has done wonders for me."
"The Cooper remedies are meeting with remarkable success wherever they are introduced. They are without a rival in toning up a weakened and run-down system. We sell them."
—J. J. Chenoweth.

NATURE'S WARNING.

Maysville People Must Recognize and Heed It.

Kidney life comes quietly—mysteriously. But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment. Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes. Doan's have done great work in Maysville.

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:

"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them my strongest recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's Drugstore, noticed an improvement in my condition from the first, and my trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."

Committee on Kentucky Statutes. This will be a victory for the liquor men, and later the bill will be killed and in exchange for the help of the Republicans for killing it the anti-Breckham Democrats will vote for Bradley. If this fails to elect him Bradley will, according to the story, withdraw from the race and let the Republicans unite on some anti-Breckham Democrat and elect him.

STILLINGS REMOVED

As Public Printer at Washington and Every Typo in the Land is Rejoicing

WASHINGTON, February 5th.—President Roosevelt today temporarily suspended as Public Printer, Charles A. Stillings, and appointed William S. Rossiter temporarily to fill the duties of that office.

The action, as explained officially, is to facilitate the investigation now being made of the Government Printing Office by Congress.

Mr. Rossiter now is Chief Clerk of the Census Office.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

SO SAD!

A noble Sioux his cattle Did fill with red, red dye. And, straying near a cliff, fell off. To quite abruptly die.

When his remains they gathered up, His friends did all abide By the sad verdict that it was A case of South-side.

THE LOOM

Life is a loom which we feed with our throat. Feed with the deeds of the days we have led— Cotton or woolen or silken, the skein, Always we weave it with pleasure or pain!

What of the cloth that we weave, you and I?

What of the texture and what of the dye? Shall it be woven of gladness and song? Shall it be fed with the good thread and strong?

Or with a careless indifferent gray, Shall we produce just a shoddy—always?

—Byron Williams.

Bald?

Why wait? Treat your dandruff now, and escape baldness. Your doctor will tell you why Ayer's Hair Vigor destroys dandruff.

Judging from the tops of their heads, some people like hard-wood floors! Too late now for Ayer's Hair Vigor to completely cover this upper story, but you may add a rug or two here and there by the systematic use of Ayer's Hair Vigor. Does not color the hair. OH! SLUSH

Snow, Rain, Sleet, Wind and a Little Bit of Everything Disagreeable, Yesterday

Tuesday night about 9 o'clock snow began falling in gentle flakes and as the night wore on it increased in volume and velocity till shortly before dawn of day when it shifted from the beautiful to a drizzling rain and the combination left things in a miserable condition.

Judge of the consternation and amazement of the early riser as he stepped from his door to seek his office, store or workshop, as the case might be. Snow and sleet covered the pavements and streets to a depth of three inches and raining to heat the band. To add to his disappointment and discomfort the street cars were unable to run owing to the condition of the track and frozen snow on the wires, hence he was compelled to foot it through the slush and snow to his place of business.

The day was fierce, gloomy and miserable throughout, altogether unfit to send children to school, yet they trudged through it and reported on time all the same. It is to be hoped no evil effects will follow from it. The Board of Education ought to have it understood that on such a day as yesterday there would be no session of the Public Schools.

It was a good day for gum shoes and boots, and merchants in that line did a land office business.

It would have been a gracious act if the Street Commissioner had been thoughtful enough to have at least cleaned the crossings of snow and dirt and thereby relieved a distressed people of a part of their discomforts in not having to wade across the street.

Another suggestion: Council should by all means pass an ordinance with a penalty attached compelling residents on streets to clean the snow off the sidewalk in front of their premises, inside of a reasonable time.
